

FARM BUREAU

By A. L. Price, Acting County Agent

Runts Caused By Neglect and Improper Feeding

"My nine years in stock raising has been almost entirely with pure bred cattle and hogs, and while some runts appear at birth they are not nearly so numerous as runts caused by neglect and improper feeding and housing." This is the opinion of a Tennessee Farmer in a letter written to the United States Department of Agriculture.

Specialists of the Department emphasize the fact that many animals that are undersized or small at birth often grow and develop into useful profitable animals if a little special attention is given them soon after birth. This is especially true with pigs. Unless the small pig of the litter is thus provided for when quite young, very often it is not worth feeding to maturity. If the proper amount of feed is not given when very young, if required to compete with stronger or older animals for what they do get, born runts or those that are undersized will become more pronounced runts as they grow older. In this respect they resemble very closely animals that are normal when young but later become runty from lack of proper feed and care which usually occurs about weaning time. After animals become runty or their growth retarded, undoubtedly it will take more feed to overcome this condition and grow them out.

"When pigs become runty" the Tennessee Farmer adds, "they never become normal. I have estimated it requires at least 25 per cent more feed to put them in marketable condition than it does normal hogs. My experience with pure bred dairy cattle is that fully 90 per cent of runts among cattle are caused by improper feeding and care. If the stock raisers of this country were educated in the proper feeding and care of their live-stock until they reach normal growth, the

runts in live-stock in the United States would be almost eliminated."

HAVE YOUR COWS TESTED FOR TUBERCULOSIS.

Dr. Jones, Federal Veterinarian will be in Iron County within the next ten days to test our dairy cattle for tuberculosis. The testing is done with little or no expense to the owner of the cows and then all chances of the family contracting tuberculosis from your cow's milk will be eliminated. This is an opportunity that the people of Iron county seldom get and everyone should take advantage of it and play safe with the health of the family as well as with the health of your other stock. Cattle should be tested every six months to make sure that tuberculosis does not spread. Watch for the exact dates that Mr. Jones will be in the county and make arrangements with Mr. Price at the Farm Bureau Office to have your cows tested.

Farm Bureau Committee on Child Play Ground is Doing Good Work.

Apparatus for the Child Play ground in Parowan is now being installed. The Farm Bureau Committee under the Leadership of Henry Mitchell has secured from various sources \$260.00 to buy apparatus and it is now being installed by the citizens of Parowan on donated labor. The following are the things the Committee is now making ready for the Children's use: One huge slide, 11 swings, 10 teetors, 2 basket ball courts, one base ball diamond, one volley ball court with nets, one high jumping pit and standards, and one giant stride. These with the new race track which the Parowan high school student body has nearly completed will make a very good play ground that is well equipped for the younger children as well as the older.

College Notes

No doubt the most successful social event of the season was that enjoyed by members of the B. A. C. faculty and their partners last Wednesday afternoon and evening when the gentlemen members of said faculty entertained the lady members at a very well arranged camp-fire party out in the beautiful little cedar canyon near Woolsey's ranch. The men exhibited, beyond a question, rare ability in serving and entertaining in general, the eats prepared in bake ovens by Mr. Croft and Mr. Sargent and served in cafeteria style by Mr. Braithwaite were cooked to a nice brown, appetizing and in abundance. Mr. Christensen proved himself to be a bear with the coffee pot, serving coffee in real "Scandinavians" style is an art with him. The games, acrobatic stunts and the light and heavy balancing, although in some instances a little strenuous, showed skill if not the best of judgment. Last but not least, were the after-luncheon stories in which every one participated around the huge bonfire. Mr. Homer as the presiding member did himself proud and led in the story telling, his stories along with those by Mr. Lewis and other members of the party were in deed interesting and refreshing.

This party was a follow-up affair of a very delightful dinner party given by the lady members of the faculty some time ago.

In Chapel exercises last Wednesday the American Literature class produced a very excellent program, including the most distinctive types of American literature. La. Ballard talked on the characteristics of America which have influenced literature. Ren Luke sang two beautiful songs by American authors. Lucile Gardner told of the chief characteristics of American poetry, and read "Thanatopsis". Grant Parry discussed the American novel, and gave a review of Hawthorne's greatest novel, "The Scarlet Letter". Lucile Rogers read Mary E. W. Freeman's short story, "Gentian" to the de-

Board Meets

Minutes of Iron County School Board Meeting held in Cedar City, May 2, 1921.

Minutes of last Meeting read and approved.

Upon Motion of G. W. Decker, seconded by R. C. Knell, the school buildings in the county were authorized insured as follows:

New Cedar Building,	\$5,000
Paragonah Building,	3,000
Kanarra Building,	3,000
New Castle Building,	1,000
Lund, Modena, Sahara, Yale, Buckhorn and Midvalley,	500

The remainder of the time was spent in a discussion of teachers and salary for the next school year.

The regular claims were approved.

PROGRAM.

Meeting of the Service Star Legion, to be given in honor of Gold Star Mothers, in the Relief Hall May 11th, at 7:30 p. m.

Community singing, "Tenting Tonight."

Prayer.

Talk, Prof. H. Claude Lewis.

Solo, Mrs. Platt Watson.

The Funny Happenings of Army Life, by Gordon Hunter.

Musical Selection, Mrs. E. H. Macfarlane.

Tribute to Gold Star Mothers, Mrs. E. Crane Watson.

Song, directed by Mrs. W. K. Granger.

The fathers of the boys, as well as the mothers, also the members of the American Legion, are especially invited to attend. Anyone wishing to attend is cordially invited.

THE COMMITTEE.

light of all present. The B. A. C. quartet closed the program with two delightful numbers, besides humorous encores.

The tennis court is finished. Boys have been working in relays for the last week to complete the cement work, and next week it will be ready for use.

Ladies, please remember the two days visit of Mrs. Grace Wilmot to our city as the guest of the Home Economics Club, May 11th and 12th. There will be an illustrated lecture Wednesday evening, May 11th, at 8:15 in the B. A. C. Auditorium. Another lecture will be given by Mrs. Wilmot on Thursday, exact time and place to be announced later. All are urged to come. There will be no charge. Anyone wishing to consult with Mrs. Wilmot on home decorations can do so by calling for her and bringing her back to the hotel.

Mr. and Mrs. Bengt Nelson went to Payson Tuesday to attend the funeral services of their little grandson, the seven-year-old son of Mr. and Mrs. J. W. Mendenhall, who was killed by an automobile running over him. The boy had been taking a ride on a beet wagon and jumped off suddenly and ran directly in front of the car, which could not be stopped in time to save him.

NOTICE FOR PUBLICATION.

Added 50%
To Tire Mileage

A Boston tire dealer, for three years, has gathered data on Miller Tires. And he reports as follows:

Users find their tire mileage increased from 50 per cent to 75 per cent.

Blow-outs have been eliminated.

Uniform mileage has been accomplished.

Only six tires in 1,000 come back for adjustment—only five Miller Cords in a year.

A Louisville dealer compared wear and mileage on 116 styles of tires which he repaired. The constant Miller supremacy has caused him now to handle the Miller Tires only.

A California stage line made million-mile comparisons with 21 leading makes. And the Miller won by long odds.

You owe yourself a comparison on your own car. The Miller is the tire of the day.

Tread Patented
Center tread smooth, with suction run, for firm hold on wet asphalt. Geared-to-the-Road side treads, mesh like cogs in dirt.
